SECTION 1
LOGOTYPES

PRIMARY LOGOTYPE

REVIVERY

The primary logo may be centered, or right justified. It should never be left justified. It can be used to the edge of an image or border.

The weight of the text should never change.

The spacing between lines of text and icon should never change.

Any content or imagery must be at least .25 inches away from the logo.

1) The Primary logo
The primary logo is the horizontal logo in Teal used on white background primarily. For alternative backgrounds, see light and dark versions below.

Recommended formats are:

2) The Logo Dark Version
will be used when the full-color logo cannot or when requested by a vendor for collateral.

It is not to be used in place of the full-color logo if full-color is possible.

3) The Logo Light Version
will be used when the full-color logo cannot or when placed over images with dark opacities, primarily in digital use.

It is not to be used in place of the full-color logo if full-color is possible.

Recommended formats are:
.eps | .ai | .png | .jpg | .pdf | .svg

Attention:
Use of any stylized, animated, hand drawn or other versions of an official logo is not recommended. Please consult with Oxford Creative Studio if you have any questions or need further help.

SECTION 1
LOGOTYPES

LOGO CONSTRUCTION, CLEARSPACE AND COMPUTATION

It is important to keep logos and icons clear of any other graphic elements. To regulate this, an exclusion zone has been established around the logo. This exclusion zone indicates the closest any other graphic element or message can be positioned in relation to the logo – they have a fixed relationship that should never be changed in any way. The only exception to this rule is the tagline.

CLEARSPACE

Full Logo

Definition

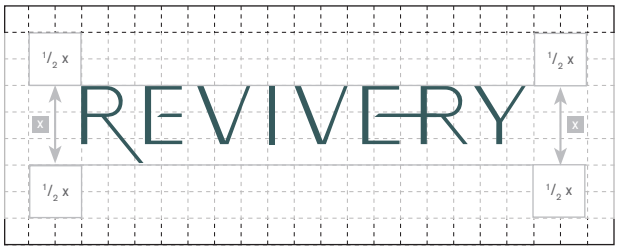
-

Whenever you use the logo, it should be surrounded with clear space to ensure its visibility and impact. No graphic elements of any kind should invade this zone with the exception of the Tagline.

Computation

-

To work out the clearspace take the height of the logo and divide it in half. (Clearspace = Height / 2).



SECTION 1
LOGOTYPES

APPLICATION ON A BACKGROUND

REVIVERY

1) Blue Black
The primary logo may be used in Gold or Peach against the Blue Black color provided from the brand. This is the primary background color to be used in the brand wherever possible.

REVIVERY

2) Teal
The primary logo may also be used in Peach when against the Teal color provided from the brand. This is a secondary background color and is to be used sparingly when needed.

SECTION 1

TAGLINE

HEAT ICE REPEAT

1) Tagline
The primary function of the Tagline is to be used in conjuction with the Primary Logo. It can be used for collateral and digital material.

Recommended formats are:
.eps | .ai | .png | .jpg | .pdf | .svg

REVIVERY
HEAT ICE REPEAT

2) Usage:
When used with the Primary Logo the Tagline can only be right justified.

The Tagline may be used near the primary logo. It is the only exception to the logo clearspace rules. The spacing between the primary logo and the tagline should never change.

The weight of the text should never change.

The spacing between lines of text and icon should never change.

3) Color Use:
The Primary Logo with the Tagline is provided in the following colors: Teal, Charcoal, Gold, and Peach.

Teal is the primary logo color when used on a light background.

Attention:
Use of any stylized, animated, hand drawn or other versions of an official Icon is not recommended. Please consult with Oxford Creative Studio if you have any questions or need further help.

SECTION 1
LOGOTYPES

LOGO MARK

1) The Logo Mark
The logo mark is the circle icon used on white or Blue Black backround primarily. For alternative backgrounds, see light and dark versions below.

The logo mark is to be used in place of the primary logo when there is not horizontal space available in an image or graphic, or when visually necessary in a design.

The logo mark should can be centered or right justified, never left justified. It can be used to the edge of an image or border.

The weight of the text should never change.

The spacing between the R's and border should never change.

Any content or imagery must be at least .25 inches away from the logo.

Recommended formats are:
.eps | .ai | .png | .jpg | .pdf | .svg

DARK VERSION

REVIVE

1) Brand Elements - The 5 R's
The 5 R's is a decorative element of the brand. It is used in conjunction with the primary logo or logo mark. It can be used on any of the colors from the brand.

2) Usage:
The 5 R's icon should always be left justified in print collatera and digital materiall. It should never be right or center justified. The icon may be used to the edge of a page or image.

The 5 R's icon should always remain visible on a page or object.

Any content or imagery must be at least .25 inches away from the logo.

Recommended formats are:

SECTION 2
PATTERN

REVIVERY BRAND PATTERN

1) Revivery Brand Pattern
The Brand Pattern is to be used in conjuction with other decorative elements of the brand, not in place of the primary logo or logo mark. It can be used for collateral and digital material.

The Brand Pattern should only be used in the Gold color from the brand.

2) Usage:
The Brand Pattern should always be left or right justified on a page or image, never center justified.

The Brand Pattern should typically always extend off the page or image and be used in the background as a texture and sublte design element.

The Brand Pattern should not be zoomed in exessively where it become indistinguishable.

The Brand Pattern is best ultized with a speciality printing technique, such as gold foiling. Contributing to the subtle texture of collateral materials.

The Brand Pattern should be used sparingly and not on every piece of branded collateral. Showing up as a sublte complement to the otherwise, clean and simple branding.

The Brand Pattern may not be rotated to any angle within 90°. It should remain vertical on all applications.

Recommended formats are:
.eps | .ai | .png | .jpg | .pdf | .svg

Attention:
Use of any stylized, animated, hand drawn or other versions of an official Icon or Pattern is not recommended. Please consult with Oxford Creative Studio if you have any questions or need further help.

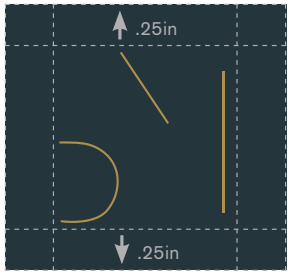
SECTION 2
PATTERN

PATTERN CONSTRUCTION & PLACEMENT

Brand Pattern Construction

It is important to keep the Brand Pattern clear of any other logo or graphic elements. The pattern should stand alone and logos and/or graphic elements should be placed on a soild color and not in front of or overlap the Brand Pattern.

See example on page 22 - towel collateral piece.



Brand Pattern Placement

As the Brand Pattern is used as a decorative element, the Brand Pattern should primarily be placed off-page.

The Brand Pattern may not be rotated to any angle within 90°. It should remain vertical on all applications.
